PUBLIC COMMENT

Glenn Cordelli, a State representative stopped by to solicit support for his initiative to address DOT to improve area road conditions.

Geneva Thompson voiced her concern about the intersection of route 153 and Town House Road. She reported that when traveling on Town House to enter onto route 153, the embankment and growth on the embankment impairs the line of sight when turning south. Selectman Spencer said he would do what he could to have that situation remedied.

Randy Burbank reported that the yard sale at the Fire Station, sponsored by the Firefighter's Association went fairly well. They sold hot dogs to the public and sold out of those.

Pat Riker attended to request the Board speak to the Town's attorney about offering pro-bono services to the Lord's Hill Meeting House to clear a title issue.

Jonathan Burbank gave his weekly report on fire/rescue department calls.

SELECTMEN'S COMMENTS AND REPORTS

Selectman Spencer reported that the plumber is coming back to the transfer station to assess why the plumbing is leaking in the attendant's shed. He also reported that apparently one of the compactors was struck by lightning and it impacted the operation of the unit. The compactor has been repaired.

Selectman Spencer is planning on stopping by a local company which does road crack sealing to discuss if they are interested in working with Effingham.

Selectman Edwards met with the road contractor on Moody Road. They discussed a culvert that needs to be installed on that road.
