

TOWN OF EFFINGHAM
BOARD OF SELECTMEN
NON-PUBLIC MEETING MINUTES

July 19, 2016

Selectmen present: Henry Spencer
Lawrence Edwards
Leonard Espie

Minutes transcribed by: Claudia Lamphier

The Board of Selectmen voted to enter into a non-public session at 5:55 pm.

Fire Chief Randy Burbank requested the Board meet with him in a non-public session to clarify procedural protocol as it relates to emergency medical response. Chief Burbank expressed he wanted this discussion with the Board to address concerns brought forward following a recent event.

Chief Burbank and several members of the Effingham Fire/Rescue Department reviewed response protocol with the Board. General response protocol with area Departments was discussed. It was noted that structural fire response protocol differs from emergency medical response.

The non-public session was granted because a specific, recent medical emergency response or other specific cases were likely to be used as examples of how certain events are handled and why they are handled in that manner.

No action was taken or expected in the future as a result of this meeting.

The non-public session adjourned @ 6:48 pm.

Henry Spencer
